

## Welcome to mōd

DOCOMOMO New York/Tri-State is delighted to bring you a new publication. **mōd** reflects the increasing awareness and appreciation of Modern architecture heritage—its cultural value, social significance and economic viability. Our goal is to put the movement’s buildings, history, proponents and ideals in a fresh perspective, especially as they relate to issues in our region. We hope these pages engage and inform the growing community.

About our title. *Mod* is shorthand for modern, which is what we’re all about. *Mode* is more than a style, it’s a manner or method of doing something, which is how we see the Modern Movement. Hence the diacritical mark that points both ways.

## NEW YORK | TRI-STATE

Documentation and Conservation of buildings,  
sites and neighborhoods of the Modern Movement

DOCOMOMO New York/Tri-State is a local chapter of DOCOMOMO US, which is a national working group of DOCOMOMO, an international organization founded in 1988 in The Netherlands. Our mission is to increase public awareness and appreciation of Modern Movement architecture, landscape and urban design; to identify and document local examples; and to advocate for the protection of those determined most significant. Since 1996, the chapter has been advancing this mission in New York, New Jersey and Connecticut.
